

Hello,

Each of you has been entrusted with a significant responsibility addressing the challenges faced by federal, provincial and territorial governments responding to the decision of the Supreme Court of Canada in *Carter v. Canada*.

Together with my collaborator Gilbert Sharpe, who assisted the federal and provincial governments implementing the NCR provisions in the Criminal Code, I have drafted comparable Criminal Code assisted suicide amendments in hopes that they may be of assistance. Our draft can be found at Appendix A to the power point presentation of an explanatory speech that I will be delivering at the Medical Aid in Dying Conference hosted by Health Law in Canada. I am aware that many of you will be presenting at this conference as well.

You are busy people, and I would not ask that you give the draft and related materials, all of which are attached above, more attention than you feel they warrant.

We have been unable to find email addresses for Maureen Taylor and Dr. Trevor Theman. If colleagues feel this material may be of any interest to them, I would be grateful if it could be forwarded to their attention.

I wish you every success with your endeavours.

d
